### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claimed invention is deemed allowable in view of the applicant's arguments filed December 11, 2003 since the prior art fails to teach a glass sheet which is bent with such a high degree of accuracy that all points on the curved surface satisfy the recited conditions. The closest prior art of EP 0477913A2 does not mention, address and/or give any guidance as to the recited particular conditions of the instant bent glass sheet and therefore the rejection there over is withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
